### How did we do?

Amsterdam is beautiful

Allison sent this

Are you located at Denmark and have visited Amsterdam?

Correct

Allison sent this

Copenhagen

Allison sent this

Both cities are similar

Allison sent this

Hmm have been to Copenhagen... during my military time we went near Neasted (or something) and went out at Copenhagen

But I believe Amsterdam is more beautiful

Allison sent this

Was mainly interested in some gorgeous ladies, however didn't get much time to spend there. Did not have my own transportation (went by bus).

Had an office at Amsterdam in 2020. virtual office haha

flexible workplace... could rent when desired and available

an office space we could rent, I meant.

Have you been to The Hague, Allison?

Perhaps you would like to continue chatting later... or just send me the transcript of this chat: email: [michael@people.family](mailto:michael@people.family) - Take care, have to go now... work to be done

Sorry

Allison sent this

Sorry... no need for that... there are plenty of valid excuses.

So, just registered premium license at [selldone.com](https://selldone.com)

Have you been to The Hague, Allison?

Not yet.

Allison sent this

Sure

Allison sent this

Welcome to the selldone era

Allison sent this

Micheal, where did you find Selldone?

Allison sent this

Google Search, looked for "Community Platform", "e-commerce", "custom domain".

all together

Allison, it's Michael, not Micheal..

Oh, my bad

Allison sent this

I highly recommend reading our articles in Selldone blog

Allison sent this

no, of course not your bad. It's a typo... not a bad intention I believe.

You will be knowing Selldone culture and future more and more

Allison sent this

Selldone.com/blog

Allison sent this

ok... Selldone blog - Good to know, thanks for sharing

Because when you want to bring your entire business into a platform, you will need to know them

Allison sent this

That's impossible... I don't even know my self completely - however... to have some image, yes, Allison... Speakwordingly said... to know them... sound advice

Michael, if you did like my support , it would be great if you could leave a review on Google or Trustpilot. <https://g.page/r/CSLH7chG-RmKEBM/review>

If you may be our account manager, that would be fine too. I've copied the link for now... perhaps later... when We know you (selldone ) more.

We're evaluation... so far more than good

We're evaluating (correction)

That's very kind of you Michael

Allison sent this

Please let me know if you need anything.

Allison sent this

At this moment, if I need anything? And/Or later on too?

I think I need to go to other chat.

Allison sent this

Ok... perhaps you'll send me an email and we can meet at The Hague sometime Bye, Allison, for now. Cheers, Michael 'ELINE' Roeten.

Sure.

Allison sent this

Bye for now

Hi Allison,

You're offline this chat?

Say, We've been evaluating Selldone some and this may be something for your Company Management, you're one of them, correct 

It's about the name Selldone itself.

What do you prefer when a friend comes to visit?

Selling OR telling AND then perhaps selling because it's inevitable, not planned.

For example, your clients from Africa... they have had some (very) interesting community dynamics going, and for them to enter Internet and start selling... seems the other way around... and Selldone featuring a CMS and more than that a Community Component (and evolving) seems very good... so for 'Africans' to start telling and then probably inevitably sell as well.

We did some brainstorming IN THE SPIRIT and were thinking what it's about, for Selldone too... To contribute beneficially to Society... and that is PEACE 1st and Sustainability 2nd.

What about excelling with a fair approach...

How about: [excellfair.com](http://excellfair.com) (just checked, it was available less than 20 minutes ago) and it is also about Excellence, which co-relates with Elegance.

So Companies who would use ExcelFair (instead of Selldone) send a message to their visitors that it's about ... you fill in the blanks?

It would be name I could have registered, however we have Excellentor™ Course and that may be a Majestic Fit for Our Companies.

ExcellFair is an option too at this moment... just checked 3 minutes ago and [excellfair.com](http://excellfair.com) is available for registration too

registration (correction)

We suggest ExcellFair, instead of ExcelFair, because of Microsoft Office Excel

however, if you do, you would probably register [excellfair.com](http://excellfair.com) too next to primary [excellfair.com](http://excellfair.com)

if you do, We suggest you register momentarily available [excellfair.org](http://excellfair.org), [excellfair.uk](http://excellfair.uk) and [excellfair.org](http://excellfair.org), [excellfair.uk](http://excellfair.uk) too.

So you know, just in case this chat is not actively passing on the information I gave you, we also send emails to: [hi@selldone.com](mailto:hi@selldone.com), [info@selldone.com](mailto:info@selldone.com), [support@selldone.com](mailto:support@selldone.com)

So it's not that we believe you wouldn't pass given information on, Allison.

And we just passed it on to (an) email address of Mehrdad & Alireza too 

just passed (correction)

Not pushy (salesy), Magnetic (conversational) 

We're Family, not walking wallets... already knew that, obviously, Allison 

Hello Michael

Allison sent this

Hi Allison, I am here

So, what are some of your thoughts concerning ExcellFair?

ExcellFair Business OS?

How about ExcellFair COMMUNITY.BUSINESS™ OS, and We'll try to go with this together?

Your Innovations and Our Invention

And ExcellFair would be Niomatic I/S'r New Name instead of Selldone, with ® or ™ and the OS part where both Our Companies Meet, how does that 'sound'?

Wow. Nice ideas

Allison sent this

They name you offered is catchy

Allison sent this

I will send the chat to Alireza as well.

Allison sent this

I am not in executive level so I cannot decide to change the name

Excellfair instead of ExcellFair... for Logo this seems more suitable

Cheers, EMELINE

We just registered excellfair.com, excellfair.org, excellfair.uk, excellfair.com, excellfair.org & excellfair.uk - If Niomatic I/S is interested to use this name instead of Selldone, let us know. We didn't want to risk that this name would be registered by someone other than Us.

Sure

Allison sent this

Do you like Our Logoldea We sent, Allison?

Hey 🙌

Allison sent this

Yes that is nice.
