Greetings,

We thought of Mercedes-Benz too for the following:

In August 2023, We invented Community System: COMMUNITY.BUSINESS™, which is neither a non-profit nor a Government Political approach to Employ All Able People.

With COMMUNITY.BUSINESS™, We intentionally create Creative Jobs.

We wish for Excellent Quality Personnel & Cargo transportation.

Perhaps Mercedes-Benz is interested to provide that transportation.

Our offer is for Mercedes-Benz to become UNITED HOLLAND Elegant.Partners™ and Publivity™/Excellentor™ Members (valued more than \$9,8Billion/1st year) related to Forbes 2000 stated revenue (\$158,78Billion), in exchange for Mercedes-Benz vehicles and a financial amount.

Let Us know if you are interested to negotiate a possible partnership & exchange.

We may decide to publish this writing at <https://community.business>
