Greetings FAMILY Member,

May you be doing well.

Request to forward this to Safra Catz.

Dear Safra,

May you be doing well.

You may be interested to know what We have planned for FamRing™(.com) by UNITED HOLLAND if Oracle (perhaps Accenture too, and yes perhaps SAP too) onboard and become Elegant.Partners™.

While Oracle may be (one of the) first to adopt a complementing approach to business at Corporate Level in The West, you may have already imagined that complementing is Ideally for all Business.

We consider complementing in business for all, necessary to Healthily function as One Family at Planet Earth.

While We may not meet at The Hague first, meeting in person to discuss enough of the road ahead is not of the table, Safra.

Here's something We'd like to discuss with you and Lawrence too and it's about **Coordination of Complementing of Companies**. That would be another significant part of Family System: FAMILY.BUSINESS™ and that Coordinating could mean a major IT-role for Oracle (, Accenture, SAP, Capgemini &/or TATA CS).

Dear Safra,

There was a typo, however correction: We extend until end of January 2025, so that's more than 77 Days Extra Time to Qualify.

Dear Safra,

May you be doing well.

Concerning Our earlier messages (see below), We offer you the following:

If Oracle on boards before 13 July 2024, then We extend the Excellentor™ Qualification Period up until the end of this Year 2024.

That's **more than 75 Days Extra Time to Qualify for Excellentor™ Course Membership.**

Of course, Our intention and also may it be your intention, is that Oracle can start building The IT-/Transaction- System for Family System: FAMILY.BUSINESS™ as soon as possible. So, if We can Qualify Oracle earlier, then that's a Bonus for The Public.

And perhaps needless to say, when Oracle becomes an Excellentor™ Course Member, Oracle will also become Elegant.Partners™ of UNITED HOLLAND.

You may have already read some concerning the following: We have no intention to disclose which Corporation(s) decide to enter Qualification for Excellentor™ Course, until after Qualification is successful.

Note that if for some reason Qualification is unsuccessful (which we do not expect with serious on boarders), the remainder Membership fee for the rest of the year (minus Qualification period) will be refunded (minus transaction costs).

Dear Safra,

May you be doing well.

Concerning Our earlier messages (see below), We inform you the following:

Coming to The Hague with an Oracle delegation may be a lot to arrange, schedule-wise.

And you may like to start with Us as soon as possible.

For that reason, We propose that you give Us notice that you would like to start your Excellentor™ Course Membership Qualification and send Us a list of contacts.

We suggest that you start an Oracle.com Staging Site, with content that is Complementing,

not competitive, which you give Us access to.

We let you know about a 25% Membership fee, instead of 100%. You may feel moved to invest more into This PEACE Effort and therefore sent Us more than 25%. It would be Very Welcome.

You may sent amount of choice to ABN AMRO Bank N.V.: Account Holder Name: UNITED HOLLAND | NL19ABNA0118955683 | BIC: ABNANL2A & We will sent you an invoice for the transferred amount.

SPIRITUALLY, Your Excellentor™ Qualification for Membership starts as soon as payment is received.

Note that this Membership fee is for the 1st year of Membership, including up to 120 days Qualification period.

Dear Safra,

May you be doing well.

You may have a major concern, and that is: "If We (Lawrence & Oracle) embark on this Journey with UNITED HOLLAND, will Oracle Qualify for Excellentor™ Membership?"

We've some reviewed oracle.com and this would need to change in Oracle's approach and

Public content:

1. a Complementing - instead of a Competing Mindset;
2. Remove Support statement for Ukraine from oracle.com & other sites if applicable. It's competition that is against FAMILY Community (also Communism).

We're in this together, Safra (& Lawrence).

We give a 99.8% probability that Oracle will pass Qualification for Excellentor™ Membership and become UNITED HOLLAND Elegant.Partners™.

We believe it no coincidence that Community System: COMMUNITY.BUSINESS™ (which evolved to Family System: FAMILY.BUSINESS™) was Invented in 17 August 2023, which happened to also be Lawrence's 79th birthday.

Probably not really necessary to mention, however We will anyway: that was not planned by Us.

For Family System: FAMILY.BUSINESS™ to work to attain PEACE, an Innovative IT-/Transaction System is deemed necessary to meet Global complexity. Oracle seems to be equipped to do this.

We ask that you discuss this with Lawrence and if you can meet mentioned requirements, then We would like to meet at The Peace Conference Room at The Hague as soon as possible.

To set this up, mail Us at: management@unitedholland.com and let us know a preferred date and a secondary date and how many people would join this meeting. (The Peace Conference Room has a capacity for approx. 40 people).

Dear Safra,

We've approached Capgemini, Accenture, SAP & TATA CS for creating and managing IT-/Transaction System for our Concepted: Family System: FAMILY.BUSINESS (tm) (which evolved from Our in August 2023 invented Community System: COMMUNITY.BUSINESS (tm)).

These were exchange proposals, for example to become invite only Elegant.Partners (tm) of UNITED HOLLAND (if qualified within 120 days) & to become Publivity (tm)/Excellentor (tm) Members at a reduced fee (for Oracle it would be US\$742M (25%), instead of US\$2.96B), in exchange for building and managing Community System: COMMUNITY.BUSINESS, which has evolved in March 2024.

More information: friendlyn.com (whereto ([https://](https://family.business))family.business forwards).
