

Sent to CEO TATA Consultancy Services via LinkedIn InMail, date 20 February 2024 ±12:52pm.

Greetings Krithi,

May you be doing Well.

Krithi, that India will be the Global nucleus of Generative AI, a technological breakthrough yes, a Humane breakthrough... which is what We really need, no.

That recently 60% of all employable People were unemployed, and those that were employed did not all have creative-, 'Living'-wages Jobs is more a serious concern, do you agree?

There are only so many 'Tech'-Jobs available, and certainly not to employ all able People.

However, there is a much more serious Breakthrough than Generative AI, Krithi.

In August 2023 We Invented Community System: COMMUNITY.BUSINESS™, which is NOT non-profit, so NOT about gifts, sponsorships, grants and neither Government Political, so not about Communism.

Perhaps TATA Consultancy Services can build The IT-/Transaction System for Community System: COMMUNITY.BUSINESS™. A Community System which could end unemployment and more than that provide Creative-, 'Living'-wages Jobs for The Public Family Community.

We do inform you that We invited Capgemini, Accenture and SAP too, however so far there has been no response to Our Proposal. We're at The Netherlands, Europe, so We invited European Companies first, because We considered that to be Fair.

You may have become curious about this Community System, so for more info We suggest you visit: <https://community.business> & <https://unitedholland.com>

TATA CS may have a Key 'nucleus' for Globally rolling out this Community System!

For TATA Consultancy Services We have the following Proposal:
~TATA CS builds and manages The IT-/Transaction System for Community System: COMMUNITY.BUSINESS™, thinking mainly of Components: CommunityWorkshop.Pro™, Elegant.Store™ & Elegant.Boutique™.

in exchange for:

~Publivity™ C.S.R./Excellentor™ Membership (by Our Company: COMMUNITY.BUSINESS, a Sister Company of UNITED HOLLAND);
~UNITED HOLLAND Elegant.Partners™ (which is Invite Only);
~a Financial yearly fee, which is 25% (minimum) of Normal Publivity™/Excellentor Membership fee, which is about last 12 Months revenue of participating Company. For TATA (revenue according to Forbes Global 2000), this would be ±\$431M, instead of ±\$1.72B.

We look forward to your response, Krithi, and perhaps the Beginning of a Fruitful Partnership with TATA Consultancy Services.

Cheers,

Michael Roeten
