Greetings Oliver,

May you be doing Well. (you too Sebastian)

After Inviting BMW, Mercedes-Benz, TOYOTA, Ford & SAIC Motor, We thought of Inviting Volkswagen too.

Volkswagen has an interesting history, related to employment. "A car for the Folk - Ein auto für das Volk."

... So they can go to work and have transportation during their spare time, correct?

Oliver, this is about employment... to work in factories, behind a conveyer belt was short-sighted, better than unemployment, still... it let much to be wished for.

In August 2024, We Invented Community System: COMMUNITY.BUSINESS™, which is NOT non-profit, neither is it Government Political... so no gifts, sponsorships, grants and Communism. It is however about working with Our Inherited Economical Trade System, to solve unemployment of ±60% of all employable People, with Creative-, 'Living'-wages Jobs, without employers and neither with their own trade licenses.

It's a breakthrough not seen since Adam & Eve came to be in biological physical Human form. (<- approach) :)

We have Quality personnel (& cargo) transportation for UNITED HOLLAND / COMMUNITY.BUSINESS on Our WISH LIST.

Volkswagen may become Our Transportation Fleet Supplier.

In exchange We offer:

~Publivity™ C.S.R. System/Excellentor™ Membership;

~UNITED HOLLAND Elegant.Partners™ (Invite Only).

We ask an ±25% (minimum) Membership fee, which for Volkswagen (revenue according to Forbes Global 2000) would be ±\$4.54B instead of ±\$18.16B.

We look forward to your reply, Oliver and perhaps a Fruitful Partnership.

Cheers,
